LETTER OF RECOMMENDATION

RE : THE VAD GROUP

Introduction

My Name is Kiran Garach and I am a director of Garach Corporation. The VAD Group is our developer and a client of our offices. I know Deepak and Amith Valjee for many years prior to our business relationship.

The Problem or Challenge

We were experiencing various water leaks from the roof at our offices in La Lucia and my residence in Durban North. The leaks had caused extreme damage to our designed ceilings. VAD construction advised that the sisalation roof underlay had deteriorated over the years and that there were cracked roof tiles and ridging which required replacing.

The Solution.

VAD Group advised that we should ideally keep to the same underlay as it assists with the energy efficiency of the building and that we should replace all the underlay sisloation as this would be a continues problem and it would not be ideal to keep patching up as the problem will persist.

The Benefit

The major benefit of engaging the services of VAD Construction is that the advice given is sound and honest. We have engaged in VAD's services on many occasions and the problem is always resolved.

Endorsement

Amith and Deepak Valjee are honest and professional in their advice, workmanship and service delivery. They provide a prompt service in a cost effective manner. I have no hesitation in recommending VAD construction for all your development needs.

Yours Faithfully

KIRAN ITCHARAM GARACH
DIRECTOR
