LETTER OF RECOMMENDATION VAD GROUP

Intro

The Foundation is a Service based organisation working to uplift the economically disadvantaged persons in the greater Durban area. We constructed our Head office in Montford, Chatsworth, and was introduced to VAD Construction via a business associate. VAD Construction had carried out construction work for the said client. They were satisfied and recommended them to us.

Challenge encountered by us

We were unable to procure the services of a reputable construction company in Chatsworth. We were fortunate to enlist the services of VAD Group, who was awarded the contract. They not only took on the task of constructing the centre, they also project managed it as well.

Conclusion

Our association with the group, ensured that the community centre was complete in the allocated time frame. And the work was of high quality, and they displayed professionalism. There was no time delay.

The Board of directors of the Foundation and its members highly recommend VAD Group for all the construction work of whatever type.

Warm Regards

NC Maharaj
Chairman - Board of Directors
